

POLICY

It is the policy of the District to practice responsible financial management, which includes:

- The maintenance of accurate records of the District's financial activities in accordance with the spirit of generally accepted accounting principles for governmental accounting;
- Accurate and timely financial reporting;
- A framework of operating standards and behavioral expectations;
- External audits by certified public accountants;
- Conformance with agreements and covenants; and,
- Compliance with Federal and State legal and reporting requirements.

It is the policy of the District to prepare Financial Statements that demonstrate transparency and compliance with the modified cash basis and budget laws of the State of Missouri.

It is the policy of the District to use the financial reporting model in existence prior to the financial statement reporting model as prescribed by Governmental Accounting Standards Board Statement Number 34 (GASB 34) and as such it is the policy of the District that its financial statements do not purport to be presented in exact conformity with accounting principles generally accepted in the United States of America.

It is the policy of the District for the accounts of the District to be organized on the basis of funds and groups of accounts, each of which are considered to be a separate accounting entity, that is, the operations of each fund are accounted for by providing a separate set of self-balancing accounts which comprise its assets, liabilities, fund balances, revenues, and expenditures.

It is the policy of the District to comply with the provisions of state law regarding custodial credit risk for District depositories, including full collateralization of all depositories.

RESPONSIBILITIES

It is the responsibility of all **Directors, officers** (Chair/President, Secretary, Treasurer, Custodian of Records, and Budget Officer), **employees**, and the **District's Attorney** to work together to make certain that all financial matters of the District are addressed with care, integrity, and within the best interest of the District and its patrons.

The **Treasurer** is responsible for administering this Policy except as noted.

It is the responsibility of the **Board** to secure an annual, independent audit by a certified public accountant and to approve the annual budget, financial reports, and audit.

Every **Director** and every **officer** and **employee** with finance-related responsibility is expected to be familiar with and operate within the parameters of this Policy.

DEFINITIONS:

Account – A record in the District’s General Ledger that is used to collect and store related information for reporting and comparative analysis and trending, e.g., property tax revenue; utilities expenses; etc.

Chart of Accounts – A listing of accounts tailored to reflect the management and operations of the District that are available in the District’s Accounting System in which entries are recorded in the balance sheet accounts (assets, liabilities, fund equities) and revenue and expenditures statement accounts (revenues, expenses, surpluses, deficits).

PRACTICES

1. Reporting Periods. The following reporting periods will be as follows:
 - a. The monthly reporting period is each calendar month; and
 - b. The annual reporting period is one calendar year (January 1st to December 31st).
2. Fund Accounting. The following fund types and account groups that are to be used by the District are as follows:
 - a. General Fund: the principal fund of the District, it accounts for all financial transactions not accounted for in other funds;
 - b. Capital Projects Fund: accounts for any bond proceeds restricted to the acquisition of capital items by the District (at this time, the District does not need this fund);

 - d. General Fixed Assets Accounts Group: accounts for all fixed assets of the District; and
 - e. General Long-Term Debt Account Group: accounts for all long-term debt of the District (at this time, the District does not need this fund).
3. Compliance. This Policy is intended to comply with Federal and State regulations and generally accepted accounting principles for governmental accounting; therefore, employees, officers, or Directors who believe there is an error in the financial reporting or believe it is not in accordance with such regulations and principles should contact the Treasurer or District President as soon as possible so that an investigation of the problem can be conducted and adjustments, if required, made promptly.

If the Treasurer or District President does not investigate the problem to the satisfaction of an employee, officer, or Director, the external, independent certified public accountant chosen by the Board should be notified in writing.
4. General Fixed Assets. General fixed assets are to be acquired for a general governmental purpose related to the protection of property and life and:
 - a. Such asset purchases shall be recorded as expenditures in the government funds and capitalized at cost or estimated historical cost in the General Fixed Assets Group;
 - b. Gifted and donated assets shall be recorded at fair market value at the time received; and
 - c. No depreciation shall be provided.
5. Reporting Model. The District shall not implement the financial reporting model as prescribed.
6. Accounting System. The Treasurer will function as the District's Accountant with primary responsibility for designing and maintaining the accounting system; however, bookkeeping support may be provided by others, as designated by the Board.

7. Accounting Software. The Treasurer or Bookkeeper(s) is responsible for inputting the financial data into the accounting software for financial reporting and only the Treasurer or Bookkeeper(s) shall have password-protected access to the accounting software.
8. Employee Privacy. The Treasurer and Bookkeeper(s) shall protect the privacy of employees, officers, and Directors, e.g., social security numbers, garnishments, etc.
9. Chart of Accounts. The Treasurer shall annually provide the Board with a proposed Chart of Accounts for approval by the Board.
10. Annual Budget. The **Budget Officer** shall provide the Board with a proposed annual budget in accordance with State law, which is prior to setting of the annual ad valorem property tax rates. The Board shall approve an annual budget prior to setting of the annual ad valorem property tax rates.
11. Setting Ad Valorem Property Tax Rates. Before September 1st of each year, the Board shall set the ad valorem property tax rates in accordance with State law, including any public hearing of the proposed ad valorem property tax rates. The **Budget Officer** shall publish any public notices required by State law regarding the setting ad valorem property tax rates.
12. Monthly Financial Reporting. The Treasurer will provide on a timely basis the following monthly financial reporting to the Board:
 - a. Revenues and expenditures
 - b. Budget comparisons
 - c. Balance of cash and investment accounts
 - d. Balance of uncollected taxes
 - e. Balance of accounts payable
 - f. Schedule of general fixed assets
 - g. Schedule of leases and bonds payable

The Board shall NOT approve monthly financial reporting, but rather, file the monthly financial reporting for audit.

13. Annual Financial Reporting. The Treasurer will provide on a timely basis the following annual financial reporting to the external, independent certified public accountant chosen by the Board:
 - a. Revenues and expenditures
 - b. Budget comparisons
 - c. Balance of cash and any investment accounts
 - d. Balance of uncollected taxes
 - e. Balance of accounts payable
